

# VELOCORE THROUGH THE BAG

**AVAILABLE MARCH 2023**

AXIOM introduces an unparalleled level of iron shaft performance. For the first time, Fujikura's proprietary VELOCORE TECHNOLOGY has been integrated into an iron shaft that delivers the same industry-leading performance gains initially introduced in VENTUS and VENTUS TR.

Extreme accuracy and consistency combined with unmatched workability provide golfers the same level of confidence they've come to expect from VeloCore-powered products. Whatever the shot requires, AXIOM delivers.
